Requirements and Homework – Clarification:

"All requirements listed as 'homework' in the virtual guide are requirements that cannot be completed during the week of virtual sessions. This is due to time requirements, it is not conducive to virtual lessons, or the materials are not available to the scout to complete during the week. All other requirements will be covered during the virtual lessons and will be earned through completing the workbook and/or doing the activity outside of the virtual session. Instructors will explain throughout the week what is expected to complete the requirements."

Question: I would like to register Archery MB but I wondered how he can complete the Archery and Shooting Sports MB's through Zoom?

Answer: The bookwork portion of the archery merit badge will be taught online and the shooting portion will be covered on a weekend this fall at our camp, or you can go to your local council shooting sports committee and have them help complete the shooting portion. The bow string making portion will be sent an arrow kit (pen kit sold by national) to your mailing address one two weeks before your class starts.

Question: I registered my son for Cub Scout camp (rising bear) and would like to register my daughter for Scouts BSA Camp. We are out of Council. I wanted to make sure I wasn't supposed to pay an extra fee to have materials shipped to my son for his cub scout camp. For my daughter: If she is taking a merit badge class that has materials (like art), but is not one of the ones listed with the additional fee, does she receive any materials in the mail or should we make sure we have anything she may need before camp starts?

Answer: The Cub Scout Camp figured the cost of materials and shipping into their price, but the Virtual Summer Camp has a few classes with an additional fee and those will be mailed out two weeks before the class starts 3-day mail. Only the classes that have an extra fee will be provided materials.
